<i>RDC Information</i>	3-6
<i>Heimdal</i>	12-15
<i>Robins and McNair</i>	16-17
<i>Promotions Listing</i>	26-31
<i>Staff Directory</i>	32-33
<i>Event Calendar</i>	34-35

Well the election season has begun!

The candidates for RC are:

Ruth Lane

TJ Allen

Stephen Scott

Hooper

Do the region a favor and really take an interest in what these people have to say. One of them will be selected by your votes and lead the region in the direction that their platforms dictate. This really does have an impact on each and every person in every chapter and also on those we try to recruit into the organization. Get informed and vote.

Hello Region One,

The hunt for the co-treasurer is over. TJ Allen has been confirmed by the COs of the region to be the co-treasurer. We also have new RDC of Operations, Scott Osborne, and new RDC of Security, Larry Neigut. Ron Novak has taken the temporary position of Assistant RDC Director as he learns about being the RDC Director.

Now is the time to start making plans to attend the 2016 summit in Pigeon Forge, TN, May 13-15, 2016. Visit <http://www.r1summit16.com/> for t-shirts, registration, banquets and hotel information.

The AB is in discussion about possible changes to the membership package. The paper membership with the paper CQ is being eliminated. Right now the CQ is available online through the database. An option to get a printed CQ as a la carte is being explored.

COs are currently voting on 2017 summit bid at the Clifty Falls Inn, in Madison Indiana on June 9th, 10th, and 11th 2017.

Madison Indiana is set along the Ohio River in Jefferson County in Indiana, Registered a Historic landmark, the city has a State park, many shops, food, sightseeing, and recreational areas throughout the city. Some of the sites are the historical main street with it many shops, eateries, and river walk.

Clifty Falls State Park has 10 nature walks, a large outdoor swimming area, camping sites, and cabins, which overlook the Ohio river, Madison Indiana and the Kentucky shoreline from its' high perch within the state park.

Clifty Inn & Falls Restaurant has an indoor pool that is accessible to the handicap, large sun porch, nice sitting rooms and niches throughout the hotel, free internet access, bon fire pit overlooking the Ohio River, satellite television, tennis courts, and free parking.

[www.visitmadison.org](http://www.visitmadison.org)

<http://www.go-indiana.com/Madison-Indiana/>

[http://www.nps.gov/nr/travel/madison/Madison\\_Historic\\_District.html](http://www.nps.gov/nr/travel/madison/Madison_Historic_District.html)

Clifty Falls State Park url;

[http://www.stateparks.com/clifty\\_falls.html](http://www.stateparks.com/clifty_falls.html)

It is also R1's RC nomination/election period. The COs are nominating the person they want to be our RC at this time.

There is always something going on in the region.

Ruth

Hello everyone!

## Announcing Changes to the RDC Program

As you all know, we've been searching for a new full time Director for the RDC Program for a couple of months now. I'm pleased to say that we have now found that person.

Ron Novak of the Renegade has accepted the position, and I'm looking forward to working with him.

To get Ron introduced and oriented into the current RDC Program, Rey and Ron are going to be working together for the next three months running the program, with Ron holding the temporary position of Assistant RDC Director as Rey mentors him and brings him up to speed to assure continuity. At the end of the three months, Ron will take the helm.

Please join me in welcoming Ron to the Regional Staff!

Comm. Scott Gibson

VRC Program Operations

Region 1

It's with great pleasure that announce 2 new chiefs to the RDC program.

Please welcome

Scott Osborne as the new RDC of Operations < capt@starfleet.com >

Larry Neigut as the new RDC of Security < bishopcullen@aol.com >

Both of the members bring much experience to their RDC programs and a welcome addition to RDC.

Gentlemen welcome and remember to bring the donuts once you arrive in the office on Monday

BGEN Rey Cordero

S-2 1st Brigade

OIC 4th BN (OH) 1st Brigade

OIC 157th MSG "The Scorpions" USS Liberator

SFI Helpdesk Admin

Counselor Corps RDC

Hello all, it's kinda quiet here in the Counselors office.

Hopefully that means everyone's morale and mental health is good.

Spring is here and that brings an uplift of everyone's spirits. Keep thinking good thoughts and I hope to see everyone at summit in May.

If your ship has a ship counselor or if not then someone interested in counselor subjects, please contact me at shadowkeeper56@aol.com

I would love to share stories and information.

Barbara Lariscy, Rear Admiral

## Members of Region 1

As you may know there are a few positions open in the RDC program that are in need of people to lead them.

We are looking for members to step up and lead these groups to their full potential.

These members should be a member of the Region 1 and Starfleet.

Be atleast 21 years old and have email/internet access.

Also have some experience in the position applying for.

The following positions available are

Operations

Security

Logos and Graphics

Health & Fitness

More information can be found at <http://rdc.1stbde.org/openings.html>

I encourage all CO's and XO's to please forward this information to all members in their chapters and let them see what the RDC programs offer.

If you have any questions please email me [rcordero@1stbde.org](mailto:rcordero@1stbde.org).

Looking forward to hear from anyone interested.

BGEN Rey Cordero

Interim RDC Director

It's my pleasure to announce that Region One has a new Recruiting & Retention Officer.

Please join me in welcoming Captain Hooper of the USS Odin as he joins the Regional Staff as R&R Officer. Hooper is very enthusiastic and is looking forward to helping our chapters grow and retain their member rosters.

Welcome aboard, Hooper!

Comm. Scott Gibson

VRC-Program Operations

Region 1

RDC Medical Director DJ Powers has a new email address:

[r1rdcmmedical@yahoo.com](mailto:r1rdcmmedical@yahoo.com)

If you have questions for the Medical department or need to send her reports please use the new email address

BGEN Rey Cordero

RDC report for March 2016

Hello Members of Region 1,

Just a few quick announcements on the latest on the RDC program,

First congratulations to Commodore Ron Novak who has been named the new RDC Director.

He will be taking over here in the next few months but in the meantime will be learning the ropes.

He brings great leadership skills and much knowledge to the programs.

Please also welcome new chiefs to the RDC programs

Scott Osborne as the new RDC of Operations

Larry Neigut as the new RDC of Security

Both of the members bring much experience to their RDC programs and a welcome addition to the RDC.

As we are nearing summit season we are pleased to announce some of our directors will be attending this year's summit. They will be holding panels during the summit so we are inviting everyone to please try to attend as many of the panels available.

If you or any member in your chapter have questions about the RDC programs or if you have any ideas about starting your own RDC program please visit our webpage  
<http://rdc.1stbde.org>

BGEN Rey Cordero

Interim RDC Director

I am glad to announce the confirmation of TJ Allen. TJ is now the new R1 co-treasurer.

Welcome TJ.

Region  
1  
CO  
Treasurer

Ruth  
R1RC at regionone.net

Hi all,

I have updated the Region One Sciences web page (<http://webpages.charter.net/alaricrh73/r1sci/R1Science.htm>) with the March 2016 monthly Sciences RDC report that I sent to Rey, the interim R1 RDC Program Coordinator. These reports are a good opportunity for you to see what R/1 ships are doing science-wise. Thank you to all ships that have been reporting!

The reports can be found here: <http://webpages.charter.net/alaricrh73/r1sci/R1Sci2.htm#reports>

While I have your attention, my Starfleet Sciences reports are online here: <http://webpages.charter.net/alaricrh73/sci/Starfleet-Sciences-reports.html> These summarize what is happening, science-wise, in other regions.

Admiral Richard Heim

## My Thoughts On AAAS 2015 Annual Meeting

by Michael Lewis

The American Association for the Advancement of Science held their annual meeting (<https://aaas.confex.com/aaas/2015/webprogram/start.html>) in San Jose, California on February 12, 13, 14, 15 and 16.

I was unable to attend this meeting, but was able to view several videos of seminars (<https://aaas.confex.com/aaas/2015/webprogram/SEMINAR.html>), the President's Address and posts on twitter during the meeting. Twitter helped other people to ask questions via <https://twitter.com/meetascientist> with #AAASMTg hashtag during lectures.

Gerald Fink said this as he closed his President's Address.

"Fink said these new discoveries produce "intense moments of exhilaration" for scientists that can't often be described in words — so he played the opening strains of the Star Trek theme to illustrate his own feelings on

the matter.

"To go where no one has gone before, to see what no one has seen before, the lure of these unexpected voyages is what draws all to science in the first place," he concluded." (<http://www.aaas.org/news/gerald-fink-imaging-and-computational-power-offer-new-vision-science>)

Also I learned to say MSF (Médecins Sans Frontières) instead of Doctors without Borders thanks to a presentation by Dr. Iza Ciglenecki. I learned to keep up with the latest medical terms.

This is a rich source of scientific information in the form of this seminars on video and audio tape of this annual meeting available from the AAAS ([http://www.dcpvidersonline.com/aaas/?event\\_id=AAAS103](http://www.dcpvidersonline.com/aaas/?event_id=AAAS103)).

The question is how popular is Star Trek among the membership of the AAAS? Anyone interested in helping me find out? Perhaps Mr. Gerald Fink is trying to tell us something.

On behalf of the Starfleet Region One Space Camp Program we would like to announce the winner of this year's scholarship. The winner of the scholarship is Sebastian Motes serving on the USS Columbia.

This was an unanimous decision by the committee and he will make a fine representative of the Region.

Thank you to all who donated to make this scholarship possible.

Admiral Darlene Harper Region One Space Camp Committee JAG Officer  
USS Columbus

Region 1 I would like to announce the creation of the new Region 1 Space Camp Scholarship web page. This sight has information on the scholarship, space camp programs, donating, Space Camp in General, and more. This sight will be updated with Scholarship news whenever needed. For those on the Facebook page it will also continue to be updated. The link to the website is

<http://region1spacecampfund.angelfire.com/> And our facebook page for those who do not have it is <https://www.facebook.com/groups/1379586639015755/>.

I would like to remind members of the region and especially CO's to get the word out about the scholarship. We are still in need of donations for future scholarships. We are going to be sending our first camper to Space Camp this year since 2008. When that is done we will have under 20.00 left in the fund to put toward future scholarships. This means we need donations. This year 1,100.00 was needed to ensure our selected award winner could attend any of the Space Camp programs that are offered. We do not have the tuition prices for 2017 yet but it is likely it could be in excess of 1,200.00. The price tends to rise each year so each year it takes to send someone to camp the more expensive it gets. I would like to be able to offer this scholarship every year or even every other year. This program was intended to be a yearly program not a once every 8 years program. Even if it cant be done every year I would like to make this a more regular thing. For that we need donations. I'm not asking anyone to donate 1,200.00 though if someone can we certainly won't turn it down. As before if every chapter donated 25.00 we could do it. If chapter's can donate more fantastic. If individuals want to donate please by all means do so. Even if you donate a dollar it is an investment in the future.

We are a long way from traveling to the stars at warp speed. However if we can't get young men and women interested in science and Technology the future of space exploration is in serious doubt. When NASA and private industry has to turn more and more to engineers from other countries to fill the need because our own universities are not training enough people to meet the need we lose jobs in this country, we lose our lead in technology and we rely more and more on other countries to allow us to even take baby steps into the unknown. I won't pretend that every young person who attends space camp will work for NASA or even in space or technology related fields but a large portion do. Others have gone to work in education inspiring the future, or in medicine helping to make breakthroughs that benefit everyone. And some go into completely different fields. Regardless Space Camp tends to be a life changing experience. It teaches leadership, confidence, cooperation and that it is cool to be smart. Isn't that investment worth donating a few dollars?

So please get the word out to your crew to your family to anyone you think might be willing to donate. You may not know it but you may know a Space Camp graduate and not even realize it. If you donate please email me as well and let me know so we can recognize your contribution.

To Donate to Scholarship Send a check made out to SF-Region One with Space Camp in the Memo Line to:

Barry Jackson  
6723 Market Street Ext  
Washington, NC 27889

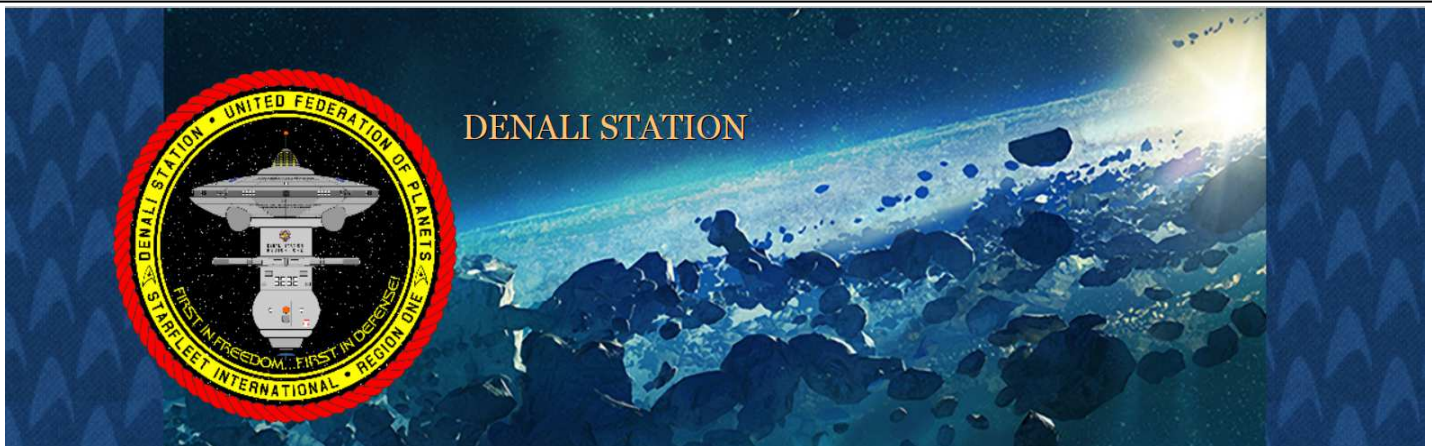

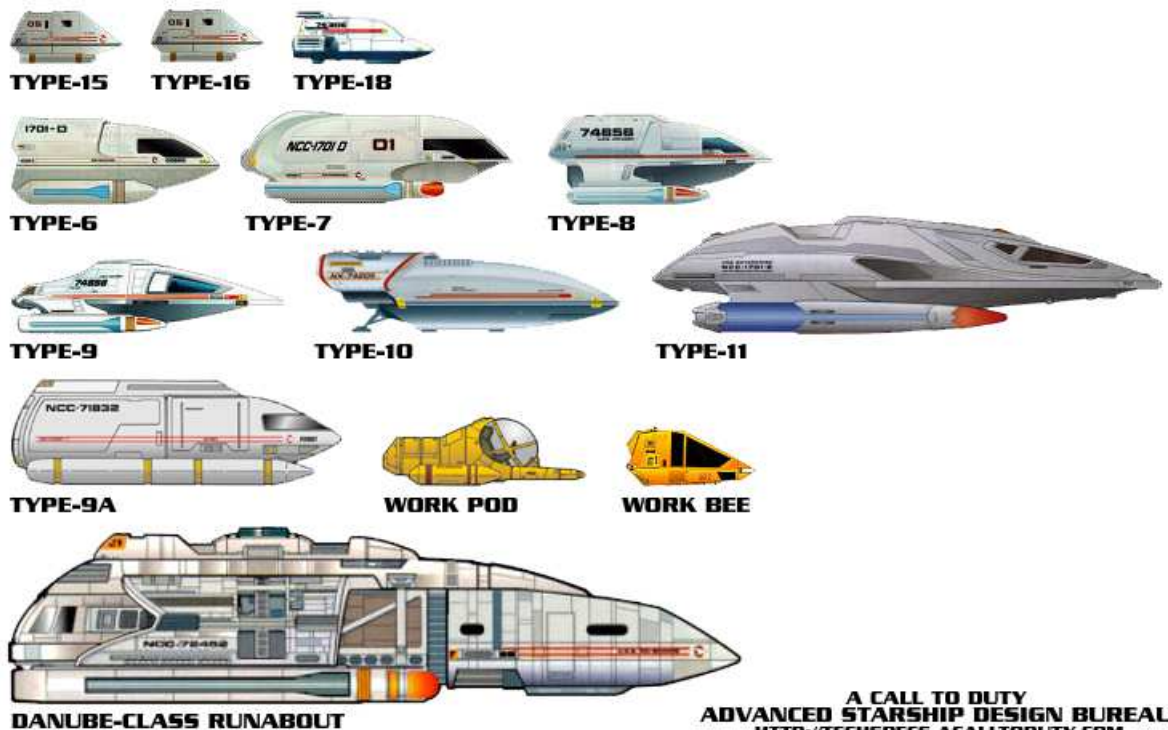

To donate Via paypal Click on the Donate Link (please make a note that donations are to go to the Space Camp Scholarship fund) Extra note here. Paypal is no longer letting you add a note to your donation so please send an email to Barry Jackson when donating via paypal and let him know what the donation does too. His is email [barryt0065@earthlink.net](mailto:barryt0065@earthlink.net)

Thank you in advance  
Vice Admiral Jason Schreck  
Co Chair Region 1 Space Camp Scholarship Committee  
CO USS Columbia NCC-2049

## What is your favorite type of shuttle?

Denali Station is a new Region 1 correspondence chapter with members from around the globe and is heavily into charity and free-form role-playing. If you know someone looking for a home chapter and who is interested in role-play, then please have them reach out to us via our website [www.denalistation.net](http://www.denalistation.net). Thanks!

Hello Members of Region 1 and 1<sup>st</sup> Brigade

This month we are starting a series of getting to know the MSG Units of the 1<sup>st</sup> Brigade. Each month we are going to profile a unit so that everyone in the Region and the Brigade with their beginnings and what they do as a unit.

This month we are starting with the 100<sup>th</sup> MSG of the USS Indiana. Their Officer in Charge is Col. Bryan Detamore.

1. How did your unit start?

The 100th MSG started during the startup of the USS Indiana, when Marine Captain started the unit. Shortly after the commissioning of the USS Indiana, Lt Bryan Detamore joined the Active Marines and assumes command from Marine Captain. After Marine Captain Bryan Detamore resigned, Colonel Jeff Davis and Colonel Walter Ewing took over as the 100th MSG, and ran it for 8 years until BGen Jeff Davis's passing. Colonel Jimmy Nelson became the new OIC of the 100th MSG. Colonel Nelson moved, and Colonel Derek Sauls assume Command, than Major Bryan Detamore join back up and became the DOIC. Early 2015 Derek Sauls passed the Gideon to Lt Colonel Bryan Detamore, and from there the unit has currently 4 active squads on it rooster. The motto "Strike fast, Strike hard", was created by Jimmy Nelson. This Motto defines the unit. This MSG is compose of 5 lances of AAFM and standard Mecha, a squad of mobile suit infantry, and an Aerospace unit, making it a very multifunction unit in 1st Battalion, 1st Brigade of the SFMC.

2. What activities does your unit participate in?

This unit does a lot of prop building (working on our Marine issue rifle and a Klingon Captain chair, crew chairs and bridge stations for a mock up bridge), as well as attending many different genre of Sci Fi and pop culture events. We also work long side the KAG warriors for local events as well.

3. What do you like to see units in the future do with other units and chapters in the Region that don't have units?

What I like to see more MSG units closer together to do more projects together, with our units spread out, it hard to work together on stuff together.

Next month a new MSG will be profiled from the brigade.

If your chapter does not have a unit but are interested in learning about the 1<sup>st</sup> Brigade and the SFMC please contact the 1<sup>st</sup> Brigade OIC - Brigadier TJ Allen and he can be reached at [tjallen1@gmail.com](mailto:tjallen1@gmail.com) or visit <https://1bdesfmc.wordpress.com> and <http://www.sfi-sfmc.org>

Until then,

BGEN. Rey Cordero – Brigade S-2

# Are you secure???

Everyone has already heard about the battle raging between Apple and the FBI. The Government is using the Encryption debate to favor their agenda. It's not about encryption at all but access. There is finally a place where you can't be surveilled. This is referred to by Law Enforcement as the "Going Dark" problem. Just like any technology it can and will continue to be used for malicious purposes. There are many phones that are linked to cases that authorities can't unlock. At this time all of those cases are pending. The cases that are in question are not all terrorism but a bunch of civil cases as well. So, the argument, only this one time, is actually a falsehood. Apple is being asked to create a method to allow the government to do the following.

1. Eliminate the "10 tries" auto erases / destroys the master key
2. Allow an unlimited consecutive attempts at entering a PIN (80ms delay)
3. Remove PBKDF2 (Password-Based Key Derivation Function 2)
  - a. This is an attempt to thwart off brute force attempts.
4. Provide a PIN auto generation (brute force), cycle through all PINS until the correct PIN is achieved. Remove an intern from entering the PINS manually which would take many years.

All of Apple's software is signed with a master key. This master key is their "Crown Jewels" and is needed for all software. Without this key the iPhone would not accept software or update. This is one of the reasons why users "jailbreak" their phones to bypass this system. This allows them to install software that isn't signed. The master key should never ever get loose and this is what Apple is afraid of. Every time the above software needs updating it will have to be re-signed again.

Many people say "Oh, give Apple the phone and let them unlock it." As I mentioned before If Apple does it this one, they will be continually be asked to do it for the next case. Many people are watching to see what happens here with this case. My personal opinion, it will go to the Supreme Court. Congress should be the one that decides not the courts. New laws need to be created for these situation. There were special exception already made to China. The China government demanded that Apple place servers within their borders. However, Apple has the China iCloud encrypted.

Future security measures will include the following.

1. Close the loophole in the DFU mode. (Recovery mode)
2. Further tightening of iMessage (Which is the weakest link)
3. Encrypt iCloud globally

There is more lessons learned here. Tighten up security even further. Close up loopholes. I'd recommend a nice "Challenge" and offer a large bounty. Any and every security loophole discovered get paid for it. Many companies offer bounty programs to security their products. iOS 10 will be a major rewrite.

## USS Heimdal Holds "On Board" Auction Fundraiser By Adm. Linda Smith

The USS Heimdal's February meeting, held on February 20, 2016 was an "On Board" Science Fiction Auction Meeting. Members brought science fiction items, donated them to the auction & auctioned them off to each other. Also included was a portion of a donated collection of mint-condition Star Trek action figures from all Trek series.

Security Chief, Carl Davis acted as auctioneer. Carl has had lots of practice acting as auctioneer for the Heimdal's Annual Public Charity Auctions for the past 10 years & did the same superb job at the meeting / auction. He was entertaining ... using his special wit & "funniness" to interest members in each item up for bids.

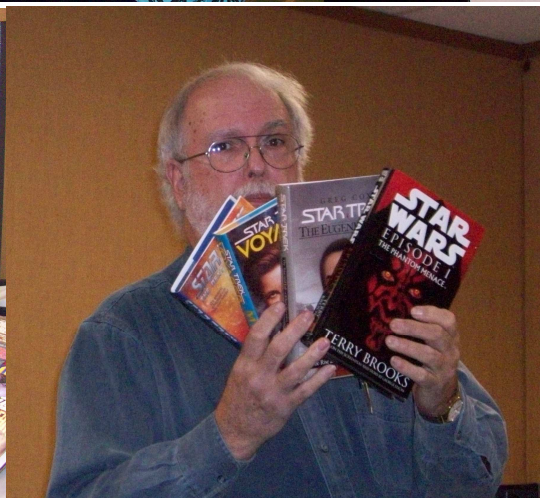

Second Officer, Willy Smith tracked auction bids & accepted payment from those with winning bids.

The auction brought in \$257.00 to go towards the Heimdal's 10 Christmas charities & Space Camp Program, people got some neat stuff at great prices & EVERYBODY had a good time

Holding an "on board" auction is an excellent small fundraiser & is so much fun!

Security Chief, Carl Davis presented awards to Willy Smith & Bonnie Davis before the auction for excellent performance during 2015 Phaser Simulation Practice (paintball) and then went on to be our auctioneer!

Paul Campbell with some of his auction winning bid items, Pam & Kenny thankful that a "bidding war" finally ended, Second Officer, Willy Smith tracked bids & accepted payment .

Pam Gioivanelli with her "stash"

## Mysticon Science Fiction Convention By Admiral Linda Smith

The Mysticon 2016 Science Fiction Convention was held February 26 – 28 at the Holiday Inn Tanglewood in Roanoke, VA. Because of the popularity of the Convention Guest of Honor, *Game of Thrones* author, George R.R. Martin, the convention was completely SOLD OUT by September 2015. The con is usually sold out but not nearly as early.

12 Heimdall members attended; either for the entire weekend or just for a day or two but everyone who went had a fantastic time.

I had the unbelievable honor of being the convention's Fan Guest of Honor, which was a once in a lifetime experience. I had to be present for Opening & Closing Ceremonies, I gave an hour presentation on Saturday called, *Admiral on the Bridge*, & Jerry Conner & I hosted a panel, *Remembering Leonard Nimoy* on Sunday. Jerry & I were 2 members of the 5-member panel but were the only 2 panel members to show up. We carried on & people said we did a great job; Jerry hitting the technical points of interest & me carrying the human interest part of the discussion.

At Opening & Closing Ceremonies I was seated next to George R.R. Martin & had a chance to have a conversation with him. He is a delightful man & it was a joy to meet & speak with him. At Opening Ceremonies he told the packed room that he was having autograph sessions throughout the weekend & asked that people not stop him in the halls, at meals & especially in the bathroom for autographs. Of the bathroom he added, "...especially if you don't have a **BOOK** for me to sign." He had a great sense of humor.

Willy & I ran into Heimdall friends on Friday night & we all went to the "interactive" *Rocky Horror Picture Show*. It was the first time for some of us, although all of us had seen the movie many times. The "interactive" show was VERY different & uninhibited. If you've been, then you can imagine the impression it left on those of us who were "first timers." We had fun. The Dealer's Room at Mysticon is always PRIMO with some of just about everything for sale. 2 Heimdall members got matching Science Department glittery tattoos & Willy got a Vulcan ear job.

Every year we have our pictures taken by a photographer who is a Mysticon regular & does some pretty amazing "green screen" work. This year 5 of us had our pictures taken in the Transporter Room together in the process of either beaming in ... or out. I never was sure which, but the picture was cool.

We ran into old friends & shared a couple of meals with them, which was also cool.

The Costume Contest wasn't as big as it usually is but there were some really good costumes.

There were non-stop activities & panels all weekend long & the art show was good, as always. I continue to be fascinated by the art show entrant who displays her terrific talent in beautiful art pieces made entirely of dryer lint.

**Mysticon has something for everyone & it was especially exciting for me this year as Fan Guest of Honor. It was a wonderful experience.**

Me!

Jerry Conner & me running the "Remembering Leonard Nimoy" panel

Heimdall members left to right at Mysticon - Linda Smith, Pam Giovanelli, Willy Smith. Back row l to r - Kenny Proehl & Chris Thompson

Heimdal's XO, Kenny Proehl in Game of Thrones throne

Willy Smith & Pam Giovanelli showing off their Science Dept. tattoos they got in the Mysticon dealer's room

Willy Smith in the Game of Thrones throne

George R.R. Martin

Me with George R.R. Martin at Mysticon closing ceremonies

Me with Willy showing off his new Vulcan ears

me at Opening Ceremonies having a conversation with George R.R. Martin, con GOH

## McNair and Robins Go On Joint Mission

The Challenger Learning Center marked its 20<sup>th</sup> anniversary February 11, 2016.

This year also marks the 30<sup>th</sup> anniversary of the loss of NASA's Challenger STL-51 crew, which included South Carolina native Dr. Ron McNair.

The Challenger Learning Centers were founded in 1986 by the families of these astronauts and are dedicated to the educational spirit of their mission. The Centers continue the crew's mission of engaging teachers and students in science, technology, engineering, and mathematics (STEM). Currently there are more than 40 such institutions throughout the United States, Canada, Great Britain and Korea.

Richland One's Challenger Learning Center, which was established as a living educational memorial to the heroes of the Challenger STL-51 crew, opened its doors on February 11, 1996. Since then the center has grown to include an aerospace education laboratory, an ePlanetarium, Tuskegee Airman exhibit, classroom facility, portable flight simulators, articles flown in space, exclusive space photos, autographed paraphernalia and a 20-ft art sculpture of the Space shuttle.

McNair XO Stephen Stott, CO Pam Michaud, and her three year old granddaughter Aleea attended the anniversary program. USS Robins CO K C Finch and their Communications Officer Steve Byrum joined us. The Robins is based in North Augusta.

Upon entry to the program each person was given a small bag with the Challenger Center logo, which contained a small box with a space shuttle keychain. Refreshments were served after the program. Attendees were invited to look around the center and take part in a earthquake machine, build a straw rocket and launch it as well as check out the Mission Control (exact replica of Mission Control in Houston) as well as the Space Shuttle area.

McNair members and Robins members visited Mission Control and the Space Shuttle area. Aleea was excited to sit in a chair and play with the Ipad in Mission Control. Mission Commander Robyn Mance had line robots in there. You draw a line and these little bug like robots ride along the line. Aleea really liked those.

Pictures were taken of the various areas in space shuttle. We finished a tour in the little theater with small film of the space shuttle launch.

# R1 Summit News Bits

R1 Summit 2016 News: We will be having a memorial service for those that we have lost from our ranks in recent years. We have paid a dear price and I want to honor those that we haven't gotten to. If you have lost a friend or member since May of 2012, when we did our last tribute, please send me names, dates of their lives and photos of them. I'd like to have at least two photos to choose from for the video, but will accept any you have. We will do this respectfully and with ceremony. It will occur on Saturday night near the end of the banquet, around 7:30 or so.

Those who are not attending the banquet will be welcome to come in and watch. Please send photos to stonewalltn@charter.net. I will need these no later than April 15.

I am presenting the bid for the 2017 summit bid.

100th MSG is submitting the following bid request to the committee to hold the Region One Summit at the Clifty Falls Inn, in Madison Indiana on June 9th, 10th, and 11th 2017. P.O. Box 63, Ingalls, IN 46048

The bid location site, Madison Indiana is the county seat for Jefferson County in Indiana.

Madison Indiana is set along the Ohio River in Jefferson County in Indiana, Registered a Historic landmark, the city has a State park, many shops, food, sightseeing, and recreational areas throughout the city. Some of the sites are the historical main street with it many shops, eateries, and river walk.

Clifty Falls State Park has 10 nature walks, a large outdoor swimming area, camping sites, and cabins, which overlook the Ohio river, Madison Indiana and the Kentucky shoreline from its' high perch within the state park.

Clifty Inn & Falls Restaurant has an indoor pool that is accessible to the handicap, large sun porch, nice sitting rooms and niches throughout the hotel, free internet access, bon fire pit overlooking the Ohio River, satellite television, tennis courts, and free parking.

Some of the events planned are unique, the 100th MSG officer's game room, where various games of chance can be found, our first ever drag race, where you can bring your own car in and race it; or purchase one of ours and race it on our huge drag racing course. And of course, our auction where we will putting up a special item; a prop from Star Trek VI, Undiscovered country, a Klingon Assassin rifle and the money will go to a Region One charity.

## 2017 Summit Room information and Prices

Two Queen Beds Parkside- \$125.99 per night plus taxes. Taxes are 12%.

Breakfast Buffet - 6/10/2017 - 8:00 am

Breakfast buffet - \$16.47

Will eat in the MDR

Same pricing for Sunday

Dinner Buffet - 6/10/2017 - 5:00 pm

Will eat the MDR buffet in the Overlook room

\$20.81

Please send me your vote on the summit by April 17, 2016.

Ruth

R1RC@regionone.net

## R1 Video Contest

The Revelation is working on their videos. Are you? We can't wait to see what everyone comes up with. Every year the competition gets tougher.

We'd love to see what your crew can do. Just to broaden everyone's chances, we've added some new categories and awards:

**Short Film:** Time limit 15 minutes- This would be scripted entries, mini-movies, documentaries, etc. (Examples: The Exandables; Destination Bigfoot Hunters Quest)

**Dance/Music Video:** Time limit ~5 minutes- Make a music or dance video such as "Heimdal Style" or "Let's Do the Heimwarp"! Lip-synching allowed! Note: Some songs may run over 5 minutes in length, but all attempts should be made to stay in that range due to time constraints.

**Advertisement or Commercial:** Time limit 1 minute- this allows your crew to peddle their favorite product, preview their movie or whatever you can do in a minute! Examples of this would be some of the great "channel-surfing" segments in the USS Star League's video from Summit 2014.

Here are the rules:

- \*Each chapter may enter 1 video in each category

- \*Each video must feature at least one member of your crew.

- \*Limit of three entries per chapter, although additional videos are welcome that can be shown throughout the weekend that will not be judged.

- \*Videos should be family-friendly and contain no profanity.

- \*Videos should be recorded to CD or DVD in a format preferably playable by Windows Media Player or other such common application.

- \*Videos must be submitted by May 1, of 2016, via USPS to Wade Larkin, 316 Valley Dr. Church Hill, TN 37642. This is so we can count the number of entries and allot the correct amount of time. We are looking for a way for videos to be uploaded so that you don't have to mail them. We'll keep you updated!

We'd also like to know who all is planning to enter so that we can do a little pre-planning on our part for trophies and such.

If you have any questions, please don't hesitate to contact me at [stonewalltn@charter.net](mailto:stonewalltn@charter.net).

Admiral E. Wade Larkin

Commanding Officer

USS Revelation NCC-63551

[stonewalltn@charter.net](mailto:stonewalltn@charter.net)

[www.ussrevelation.webs.com](http://www.ussrevelation.webs.com)

Attention R1 COs: I am putting together the R1 Chapter Roll Call video for the summit. If your chapter is not listed correctly on the R1 Webpage, has errors or if the logo on the R1 Webpage is not the one you would like to

use, please contact me ASAP at [stonewalltn@charter.net](mailto:stonewalltn@charter.net). I will additionally submit any errors to be fixed on the website. I am looking for correct logos, ship classes, mottos, launch and commissioning dates and city of charter.

Admiral E. Wade Larkin

# International

Greetings,

I want to get everyone updated on IC 2016. First, we are having a duel theme for IC 2016. They are NASA and Star Trek's 50th anniversary.

The hotel reservations phone number for the membership is 888-233-9527. This is the hotel group reservations line and is the only number that should be called when making reservations. Also, when calling the Starfleet member needs to mention that they are with STARFLEET International Conference.

The hotel does not require a deposit to secure a room.

To make a reservation via website visit IC2016.com click on the Hotel link. On the hotel page click 'To book your rooms online click here' link and follow the directions.

Registration rates go up March 2nd 2016. Registration for IC 2016 will cost \$30.00 per person until March 2nd 2016, then the rate will be \$35.00 per person. Time is running out. Registration for children 12 and under will be \$5.00 regardless of time of registration.

If you would like to host a panel at the IC, please contact Lucy Ferron Franck at [franck.lucyferron@yahoo.com](mailto:franck.lucyferron@yahoo.com)

Our Charity for IC2016 is Space Camp and STARFLEET Scholarship Program. If you have items that you would like to donate to The "The Annual Marian Murphy Memorial Charity Auction", you can contact Warren Price at [wormmy@aeneas.net](mailto:wormmy@aeneas.net)

As part of IC 2016 activities, we will be having a STARFLEET video contest. It's a chance for Fleets chapters to shine and show what great actors they are (or at least that they are big hams!). Get out those video cameras and start filming. We'll be showing the videos at Opening Ceremonies and throughout the weekend and be giving Best Picture and Best Actor awards.

We will be selling T shirts and Polo shirts. Information on when we will be selling them will be communicated later.

We are planning a video room where we will be showing Star Trek episodes.

We will be having two contests during the weekend of the IC. A Star Trek Trivia and a IC2016 trivia contest.

If you would like to volunteer to help, please let us know. We have need of a person that can do Power Point and Internet Streaming. If you would like to volunteer please email Warren Price.

Lastly, we have a Facebook page. So if you haven't 'Liked' our page please do. Each week a 'Bucket list' and Things you didn't know about Louisville, are posted on the page. Plus other information.

If you have any questions, concerns or comments, please let us know.

Thanks.

Vice Admiral Warren Price, CO, USS Providence NCC-71796

Co-Chair IC 2016

# Conference

## Race to Kentucky for IC 2016

By Vice Admiral Lucy Ferron Franck

Fun fact: 95% of the world's bourbon supply comes from Kentucky! The IC 2016 Committee invites everyone to attend International Conference in Louisville, KY, on August 12-14. There will be plenty of fun, festivities, and informational panels for first-timers and veteran attendees alike.

In the Bluegrass State of Kentucky, Louisville is home to the famous Kentucky Derby at Churchill Downs, Kentucky bourbon producers, Louisville Sluggers production (which has a museum), and the Muhammad Ali Museum to name a few of the sites. It is also the home of the Hot Brown Sandwich. I can't wait to try a Hot Brown after reading the description: an open-faced turkey, cheese and bacon sandwich with Mornay sauce. The theme for IC 2016 is "Trekk'n' II: Horsing around on the Ohio!" We'll be racing to the future as we take you out to the holodeck and explore NASA and celebrate Star Trek's 50<sup>th</sup> Anniversary. The conference hotel is the Crowne Plaza Airport Louisville. The hotel has plenty of roomy rooms to host all meetings, panels, merchandise dealers, and fun times. We will be having all the traditional activities such as Opening Ceremonies and Awards, General Session, Ask the Brass, Charity Auction, Music and Dance, Marine Mess and Saturday night banquet. Some unique concurrent sessions/panels are being planned, such as The Star Trek Barkeep, Propmaking 101, Star Trek Celebrations, Sports around the Federation, Star Trek and Religion, Making Prostheses, STARFLEET Special Ops, the National Space Society and more.

Start making your plans now to join us! Rooms at the Crowne Plaza Airport Louisville are \$102.00 per night plus state and local tax. Reservationists are standing by at 1-888-233-9527 (be sure to mention you are with STARFLEET International Conference.) The registration fee is \$35 for adults (up to Aug. 5<sup>th</sup>) and registration for children 12 and under is \$5.00 regardless of time of registration. The Marine Mess Friday night and the IC Banquet Saturday night are \$38.50 each. All the information you need is on the IC website: [www.ic2016.com](http://www.ic2016.com).

The auction Saturday night will benefit the Space Camp Scholarship Fund and STARFLEET Scholarships. Auction donations are always appreciated so check through your stuff and see what you can part with for two good causes. As Programming Chair, I am still taking volunteers for panels so contact me at [franck.lucyferron@yahoo.com](mailto:franck.lucyferron@yahoo.com) if you would like to present.

Lay in supplies, file your flight plan, fire up the shuttle thrusters or head to the transporter pad to join the celebration at IC 2016 in August! We would love to hear from you about your plans or any questions you may have. On Facebook, look for us at SFI IC 2016

This is Vice Admiral Warren Price co-chair of IC 2016 and I approve this article.

\*\*\*\*\* Please cross-post for widest distribution \*\*\*\*\*

I am happy to announce that Admiral Jerry Tien of Region 4 has been selected as the new International Conference (IC) Liaison. Jerry brings a wealth of convention/event planning knowledge to this position, which will definitely be an asset to the IC Liaison position.

Jerry can be reached at [ic@sfi.org](mailto:ic@sfi.org). Please join me in welcoming Jerry to his new role.

In Service,

Fleet Admiral Wayne Lee "Hunter" Killough, Jr., SFMD

Ladies and Gentlemen,

I am TJ Allen the 1st Brigade OIC and the Officer in Charge of the Honor Guard for IC.

I am in search of people to fill slots on the Honor Guard. What I am looking for is for the Honor Guard to have uniforms from all the Star Trek shows. I am looking for:

STAR TREK ENTERPRISE

STAR TREK THE ORIGINAL SERIES

STAR TREK THE NEXT GENERATION

STAR TREK DEEP SPACE NINE

STAR TREK VOYAGER

I am also looking for a STARFLEET Marine that would probably be carrying the SFMC flag.

Please send me your name and which uniform you have so I can get a list of who will be in the Honor Guard. email me at [OIC@1stBDE-SFMC.ORG](mailto:OIC@1stBDE-SFMC.ORG).

Thank you.

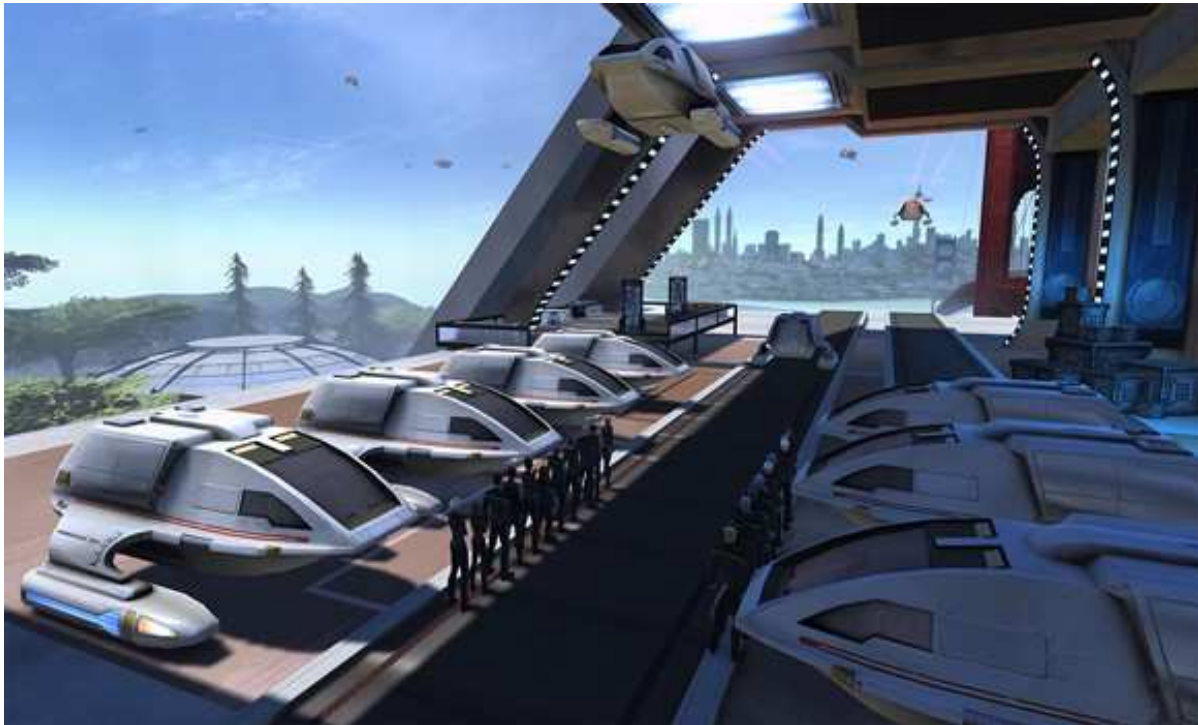

Congratulations  
on your promotion  
to Admiral!

Richard Hewitt

# Region 1 grows with another new command!

\*\*\*\*\* ATTENTION ALL HANDS \*\*\*\*\*

Please join me in welcoming a new Shakedown Chapter to the 1st Fleet, effective 3 April 2016. The USS White Eagle NX-2302, a Chandley Class Frigate is based in Sneads Ferry, NC (USA) and is under the command of CAPT Aaron Himes. The White Eagle's mothership is the USS Dominion, out of the 7th Fleet.

For additional information or to join in their adventure, feel free to contact Aaron at [usswhiteeagleco@gmail.com](mailto:usswhiteeagleco@gmail.com).

## How I Became a Trekkie

### By Caroline Signol

1981. One of the three french TV channels (yes, only three) starts to broadcast Star Trek. I'm a 10 years old little girl fond of sciences and space and this is pure heaven for me. The USS Enterprise is THE place I want to live. But after a few episodes, the show stops...

Late eighties. I hear about a new Star Trek series : ST the next generation. I even see some pictures in a french magazine and I'm terribly shocked : how can they betray Kirk and Spock this way ? And what kind of captain if this british guy??? I will never, ever, watch this show. And I keep worshipping The Original series. Some episodes are sometimes broadcasted on Channel 5 (yes, we have six TV channels now...). Of course, I watched others SF show : Battlestar Galactica, Logan's run, Buck Rogers but Star Trek is special to me.

1996. A friend of mine absolutely wants me to watch ST TNG. He lends me some VHS and then... it's an epiphany. I turn into an absolute fan of Jean-Luc Picard and he becomes my role model : not perfect but civilized, diplomat, wise, educated, deeply kind (even if he hides it well) ... and French !

Each and every time I have an important decision to make, I wonder : "WWPD" ? In 1998, I presented my PhD dissertation. I don't know how it works in the US, but here, it's a very important moment. Three or four hours of discussion, questions, "attacks" about your work (yes, kind of Klingon-ish), by the specialists of your theoretical field. Very stressful. I was so nervous and I had to find a way to remain calm before and while this presentation. So, on the "D" day, I was in my office, watching "The measure of a man", my favorite ST episode. I was trying to grab the calm and the patience of Picard. And it worked.

I watched all TNG, DS9, Voyager and then... Star Trek entreprise was announced. And one more time I got pissed : going back in time, just after the first contact ? The vision of Rodenberry was about the future, not about the past. But one more time, someone (my husband) convinced me to watch the show. And I became a fan of T'Pol, Phlox and Porthos, even if Picard and Ambassador Spock will always be my favorite characters.

Growing up, I felt I was surrounded by adults even more lost than me in this world. Then came Star Trek. To explore, to seek out new life and new civilizations. To try and understand, always. To study, not to be obsessed by money. And so many interesting ideas : the prime directive, IDIC...

But being a trekkie in France was not easy at this time. This is a story for the next newsletter ;)

# Awards Information

Two website judges have sent their scores. Had to extend deadline for the third judge.

Chapter manuals/handbooks scores received

Scores from four out of six individual/chapter annual awards judges received

Added 40 names to Scholastic Achievement Wall of Honor for OTS/OCC Region One Awards site

Working on 73 Good Conduct Awards

Working on Unit Commendations

Region Certificates of Appreciation printed

Charlie is working on the Hailing Frequencies

Legion of Honor - William Robbins - USS George Washington

Silver Star - Dawn Jenkins - USS Jurassic

Phoenix Award - Tim Trivett - USS Potomac - emergency surgery on lung December 2015. Spent three weeks in the hospital

SOL III Awarded to the members of the following chapters for recycling of paper, glass, aluminum cans, cardboards and paper

# Starbase Columbus

Star Base Columbus is a Star Trek and Science Fiction specialty shop located at 5541 Westerville Rd, Westerville, OH 43081 (614)- 895-7827 It has been serving Central Ohio fans since 1992.

The current owner is preparing to retire in December of 2016 and wants to close the store. The staff members are trying to raise the money to buy the business and keep the store open. They have been holding fundraisers for the past 2 years and additionally have an active Go Fund Me campaign accepting donations to help raise the funds to keep the store open. Donations are also accepted in the store. The minimum donation for the Go Fund Me campaign is \$5.00 and they accept credit or debit cards.

<https://www.gofundme.com/starbasecolumbus>

Star Base Columbus currently provides a meeting place for several Starfleet chapters and supports them in other ways as well. All current

Starfleet members receive a 10% discount when they shop at the store.

If you don't live in Central Ohio Star Base also has a storefront on Amazon.com called Galactic Geek. This is available in the USA only and all that is required is an Amazon account. It can easily be accessed by visiting the Star Base website:

[starbasecolumbus.blogspot.com](http://starbasecolumbus.blogspot.com)

**Science Fiction Store**
